

KEY WORKER QUESTIONNAIRE

Please complete this questionnaire in accordance with the instructions detailed within.

We must stress, that the provision being offered is **NOT** childcare and is only available to those members of our school community that are entitled to it under Government guidelines. In offering school places to key workers we are putting our staff and their families at risk. Please bear this in mind. We implore you to answer honestly as failure to do so will not result in slowing the spread of COVID-19 down.

* The questions asked in this questionnaire are subject to the information that is currently available to us and may be subject to change following any further announcements by the Government.

Yes

4) If yes, is your child/ren's other parent a key worker also?

No *If answering no, then this means only ONE parent is a key worker, therefore, you have alternative child care. Your child/ren should stay at home with this adult. **(NB this is subject to change.)** This is in accordance with Government's advice to social distance. Bringing your children into school when there is a non key worker that can take over childcare increases the risk to both children, staff and families and will not slow down the spread of infection.*
